AMERICAN EXPRESS AIDING RED CROSS

Organization Thrown Open to Assist in Getting Military Relief Supplies to Mexican Border.

Special instructions received from the executive offices at New York indicate that the American Express company, together with connecting express companies, has thrown open its entire organization to the aid of the American Red Cross in getting military relief supplies to the Mexican border.

As the various chapters of the Red Cross organization collect and receive supplies, they will forward them to their concentrating depots which have been established at the railroad centers: New York city, Cincinnati, Chicago, Kansas City, Denver and San Francisco. There the supplies will be assorted, classified and repacked, if necessary, for further shipment to the distributing depots at Douglas, Arizona; El Paso and San Antonio, Texas. From these distributing depots final distributions will be made to the troops at the front.

The American Express company is rendering further assistance by having its 10,000 offices all over the country give prominent display to the Red Cross placard soliciting contributions of supplies, and designating just what character of matter can be used to advantage.

For public information the Red Cross makes the following suggestions: "Supplies cannot be accepted which are intended to be forwarded separately to designated individuals. Those who wish to send packages to particular persons are advised to employ direct express service. Supplies intended for designated companies or regiments will be accepted for forwarding by chapters, with the understanding that if such delivery is found to be impracticable, these supplies may be donated to other troops.

"Supplies accepted by chapters for shipment should fall within the following approved list: reading matter, games, comfort bags, pajamas, cotton socks (medium weight, large sizes), towels, pipes and smoking tobacco, cigarettes, electric fans (to hospitals), chewing gum, chocolate in tin boxes, hard candies, George Washington coffee, evaporated cream, canned fruits, and other delicacies in tins.

"Many articles will be offered for forwarding which for sanitary and other reasons cannot be accepted. Perishable, heavy or bulky articles, and articles of food and drink which are harmful cannot be accepted. It is necessary that the instructions of the military authorities be observed in all of these matters, as they are responsible for the health and welfare of the soldiers in camp.

The American Express company has instructed its agents everywhere to accept such shipments at a special rate of only two-thirds of the regular shipping charges. This will not only make it very material difference to the Red Cross in shipping expenses, but will also insure the quick arrival of relief supplies where they are needed.

HOW OLD ARE YOU BY YOUR HAIR?

You may be thirty in years, but if you are baldheaded or gray, people will surely take you to be many years older.

Daunoff is the root of most hair evils. If it were not for the little destructive germs working with a persistence worthy of a better cause there would be but little baldness, and less premature gray.

Parisian Sage will help you to keep young looking and attractive. It is guaranteed by Wilfred F. Root to make hair grow and stop falling hair to remove every bit of daunoff; to stop itching of the scalp almost instantly.

Parisian Sage is one of the most invigorating, satisfying, and pleasant hair dressings made; it makes the hair soft, luxuriant and handsome; it is especially prized by women who love beautiful soft and lustrous hair. Parisian Sage is sold by druggists everywhere, and a large bottle never costs more than 50 cents.
